

Overview

Twelve Minutes tells a gripping story through a unique top down point-and-click based gameplay. Game's 12 minute multi-ending story keeps you hooked, in order to find that one true ending and when you are satisfied with that ending you come to know there are more secret endings to discover.

The game

Story is a murder mystery where you play as a husband who is stuck in a 12 minute loop in which a police officer arrives at the apartment and accuses his wife for murdering her father several years ago and in trying to arrest her knocks out the husband and kills the wife. You need to find out the link between your wife and the officer and the reason why he is stuck in this loop. In this journey you will find out a lot of secrets and mysteries which unlock multiple steps for your next loop.

You can use various items in the apartment and combine them to unlock extra dialogue and options. The voice cast makes the game alive and delightful to play. You wont notice how fast will you spend your time in this 8 hour long game as its addictive and has that unique way of keeping you indulge in it.
